

COMING IN JANUARY

Watch your mail for some exciting news!

In January, 2012, The Ohio Empowerment Coalition (OEC), Ohio's statewide mental health consumer organization, will be issuing a Request for Proposals (RFP), "Coming to Your Community," to support regional initiatives and inclusion. OEC will be funding five regional events around Ohio.

If your organization is a 501 (C)(3) non-profit consumer-operated agency or proactively includes consumers in the decision-making process, you will be eligible to apply for a grant to sponsor a one-day regional recovery event next spring or summer.

This offers a wonderful opportunity for our peers and community leaders to come together to celebrate mental health recovery in your region.

Think ahead and be creative about a recovery event

and showcase local and regional initiatives!
